PLAN CUT IN HOMESTEAD TAX TEXAS WEEK-END ACCIDENT TOLL HIGH

FIVE WERE KILLED WHEN TRAIN STRUCK AUTOMOBILE SUNDAY

TWO DROWNED, ONE KILLED IN PLANE CRASH, TWO IN AUTO CRASHES

(By The Associated Press)
Fourteen deaths were counted as the week-end toll from accidents taken Monday morning. Striking across the state with a wide swath, sudden death came to five persons when a train crushed an automobile at Commerce, one was dashed to death in an airplane at Dallas, one was killed at Pampa and another at McAllen in automobile accidents. Lightning felled one person at Slatings and two were drowned when a boat overturned near Texarkana.

The dead:
Clyde Jackson, 28; Bill Jackson, 5; Gafford Jackson, 12; Preston Beggs, 18, and Allie Hutchinson, 26, killed when a Cotton Belt train struck their automobile at Granby, near Commerce Sunday morning.

Miss Julia Wright, 21, and J. B. Christopher, 30, both of Deport, drowned when a boat from which they were fishing capsized near Texarkana, Sunday afternoon.

Albert G. Hieber, 30, student pilot killed when his plane went into a spin and crashed at Hamp-

Child Murder Victim

Merle Springer, 11-year-old Flemington, Texas, girl who was stabbed to death with a pen-knife, her slayer inflicting more than a score of wounds. A Mexican youth who is said to have confessed the crime has been arrested in Nuevo Laredo, Mexico, and will be extradited to Texas.

NOTED GANGSTER SENTENCED TO LIFE IN POLICE MURDER

FRED BURKE, CLAIMED MOST DANGEROUS CRIMINAL, PLEADED GUILTY

ST. JOSEPH, Mich., April 27.—(P)—Fred Burke today was sentenced to life imprisonment at hard labor in the Michigan State prison at Marquette for the slaying of Patrolman Charles Skelly. He is expected to be taken to prison tomorrow. Burke pleaded guilty.

Sentence was passed by Circuit Judge Charles E. White. The offense was second degree murder. Judge White said there was evidence Burke had been intoxicated the night he shot the patrolman and was not in full possession of his faculties.

Burke was taken back to the county jail immediately after sentence was passed.

Burke's plea ended a career of crime which made him notorious in a dozen cities in the Midwest. The crime to which he pleaded guilty was the least spectacular of a long series of bank robberies and gangster assassinations with which he had been linked.

Patrolman Skelly was slain by Burke when he stepped onto the running board of the gangster's automobile to question him about a traffic accident in which he had figured. At that time Burke had been living incognito for some time in an elaborately fitted house on the outskirts of St. Joseph. In this house the police found pistols and machine guns as well as bonds stolen from a Jefferson, Wis., bank.

Among the witnesses summoned for the hearing which followed Burke's plea, was Forrest Kool, a Berrien county farmer. It was Kool's automobile which figured in the accident about which Patrolman Skelly sought to question Burke.

Aged Newspaper Man Dies; Fired Lincoln Salute

GREENVILLE, April 27.—(P)—T. M. Finley, 91, captain of the bat, that fired a salute of 100 guns when Abraham Lincoln was inaugurated president of the United States the second time, died at his home here last night. He also assisted in the search for John Wilkes Booth, Lincoln's assassin.

A veteran newspaper man, Finley was active in an editorial capacity on the staff of Greenville papers until several years ago when ill health caused his retirement. He had been connected with both the Greenville Evening Banner and the Greenville Morning Herald, serving on the latter paper during his retirement.

Masons of Greenville will have charge of funeral services here tomorrow. Finley is survived by one daughter, Miss Madge Finley.

START EXTRADITION PROCEEDING TO GET SLAYER YOUNG GIRL

AUSTIN, April 27.—(P)—Sheriff John B. Lott, and H. D. Barrow, county attorney of Atascosa county arrived here shortly after noon today to make application for re-arrest for the return of Alberto Sanchez, Jr., from Nuevo Laredo to Texas to face a charge of murder in connection with the fatal stabbing of 11-year-old Merle Springer, Leming school girl. Sheriff Lott brought copies of complaints of murder which had been filed in Atascosa county against Sanchez.

The requisition must go to the Secretary of State in Washington and then to Mexican government officials in Mexico City. Reports stated yesterday that Sanchez had been placed in the hands of Mexican federal officials.

SAN ANTONIO, April 27.—(P)—Sheriff John B. Lott of Atascosa county prepared today to leave for Austin to begin proceedings for the extradition of Alberto Sanchez, Jr., from Nuevo Laredo, Mexico, to face trial for slaying Edna Merle Springer, 11, near Leming last week.

Postscript: Sanchez had made statement that he killed the girl when she resisted an attempted attack. He had for several days been watching her as she passed the field where he was working, he said.

Test Case Fell
Flat as Lumber
Admitted to U. S.

WASHINGTON, April 27.—(P)—The much heralded "test case" of treasury regulations barring importation into the United States Russian lumber produced by convicted fell flat today when it was determined that a shipload of lumber which arrived at Providence, R. I., Thursday, did not contain any convict-produced lumber and it was ordered admitted.

Under-Secretary Mills issued the order admitting the lumber after a hearing in which the importers, A. C. Dutton Co., of Poughkeepsie, New York, and the American Corporation, business agency of the Soviet government, presented affidavits that no convict-produced lumber was in the cargo.

Public Works Contracts Pass Beyond Billion

WASHINGTON, April 27.—(P)—Chairman Woods of the president's emergency employment committee announced today that contracts for public work reported to the committee since last December now total \$1,284,346,035.

During the last week, Woods bid awards of contracts report totalled \$182,070,183 of which \$68,261,434 was for highway work in 35 states.

PESSIMISM MARKS RECEIPT BRITISH NAVAL MESSAGE

MISINTERPRETATION BLAM- ED FOR PRESENT SER- IOUS DILEMMA

PARIS, April 27.—(P)—The foreign office and ministry of marine today studied a British foreign office note containing Downing street's answer to French proposals seeking a solution for Franco-Italian-British naval difficulties.

While the contents of the British communication were kept a closely guarded secret, there was undisguised pessimism in some quarters today and feeling that the note would mark a breakdown, for the present at least, of negotiations which had looked to completion of a tripartite accord.

The French note, to which the

HOUSE PROVIDES RELIEF FUNDS FOR BOLL WORM AREAS

SEVERAL ATTEMPTS TO DE- FEAT BILL FAIL; \$300,- 000 IS PROVIDED

AUSTIN, April 27.—(P)—The house today passed a bill to appropriate \$300,000 to reimburse West Texas farmers for losses sustained in 1929 and 1930 as a result of the pink boll worm quarantine. Vote was 79 to 35.

An effort to strike out the enacting clause was overwhelmingly defeated without a record vote.

A motion by Representative Petsch of Fredericksburg to postpone consideration of the bill until after the general appropriation bill had been adopted upon was defeated.

Approximately 23 counties were in the inundated area but only eleven counties will receive material reimbursements, according to Representative Metcalfe of San Angelo, floor leader for the bill.

They were Howard, Glasscock, Dawson, Martin, Ector, Midland, Andrews, Wink, Brewster, El Paso, and Crane.

Petsch claimed no other appropriations had been made until the legislature knew how much money would be left after the general appropriation bills had been passed. Representative Lockhart of Lubbock said Petsch's motion would defeat the bill and move to table it. It was tabled, 64 to 45.

An amendment by Mrs. Strong of Slocum to appropriate \$50,000 to reimburse Anderson county farmers for tick eradication work was held out of order. Mrs. Strong said she would try to have the appropriation included in the general appropriation for the live stock commission.

Several East Texas representatives indicated they would seek similar appropriations.

Representative Satterwhite of Odessa said the federal government would be asked for an appropriation to supplement the state funds.

FUNERAL SERVICES FOR JOE PARRISH HELD ON MONDAY

Funeral services for Joe M. Parrish, aged 57 years, native of Navarro county, and prominent in church, fraternal and political circles here for years, who died suddenly at his home northwest of Corsicana Sunday morning at 6 o'clock with a heart attack, were held Monday afternoon at 2:30 o'clock with interment in Oakwood cemetery. The services were conducted by Rev. J. W. Bergin, pastor of the church, and the Masonic Lodge had charge of the services at the grave.

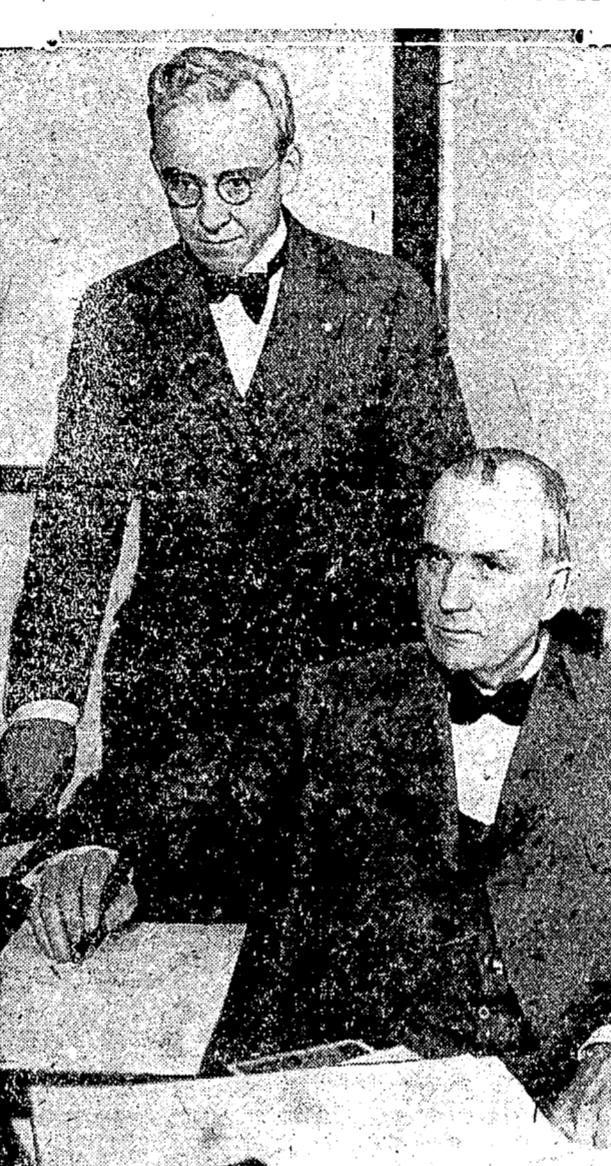

He was formerly a steward in the First Methodist church here.

Surviving are his wife, three sons, Ray Parrish, Dallas; Hugh Parrish, Mexia; one brother, Nick Parrish; Emhouse; and two sisters, Miss Addie Parrish and Mrs. Sudie Basham, both of the Chapel community.

Pallbearers were Clive Foster, Ceci Foster, C. T. O'Neal, Emhouse; W. T. Beard, Emhouse; Walter Hamilton, Black Hills; Jack Mearity, Maurice Keathley and Chas. Keathley.

The funeral was directed by the Sutherland Funeral Home.

VOLIVA SELECTS SUCCESSOR

MISSISSIPPI GOVERNOR AND LEGISLATURE ARE AT OUTS; RUMP SESSION IS PLANNED

JACKSON, April 27.—(P)—Members of the legislature headed here today for a rump session to consider the effect that Voliva will turn over his authority. Reports are to the effect that Voliva will turn over his leadership to Apostle Mintern immediately after the \$5,000,000 financing which Voliva is now engineering.

Wilbur Glenn Voliva (seated), overseer of Zion, Ill., with Apostle M. J. Mintern, to whom the overseer has announced he will bequeath his authority. Reports are to the effect that Voliva will turn over his leadership to Apostle Mintern immediately after the \$5,000,000 financing which Voliva is now engineering.

AMERICAN FEDERATION LABOR SEES HOPE MODIFICATION IN NEXT SESSION OF CONGRESS

PHILADELPHIA, April 27.—(P)—Modification of the prohibition law to permit the manufacture and sale of light wines and beer is seen as a possibility at the next session of congress by labor's national committee for modification of the Volstead Act.

A report of the committee, based on a congressional survey, shows there are 144 members who are ready to vote to modify the Volstead act; that 54 believe the act should be modified permitting the consumption of beer and light wines in the homes and each family limited as to the amount that may be purchased each month; that 35 congressmen admit the majority of their constituents are pro-prohibition and consumers of illicit liquors, but are fearful that its demands cannot be openly flouted; that 55 members, mostly from grain and fruit producing areas, are unwilling to vote to modify the laws; that 34 others fear that with modification would come racial troubles in their districts, and that 67 members refuse to indicate how they feel on the question at this time.

The report was prepared by Matthew Woll, vice president of the American Federation of Labor, and I. M. Ornburn, president of the Cigarmakers' International Union, for submission today to the national conference of organized labor's anti-prohibition group.

"Of the 96 members of the United States senate," the report states, "34 are willing to vote for the modification of the Volstead act permitting the lawful manufacture and sale of beer and light wines; fifteen believe that beer is non-intoxicating, but claim they are not justified in voting to change the present legislation; twelve admit that a majority of the people of their states are producers or consumers of illicit liquors, but claim that the organized church vote is of so much importance that they do not feel it good personal policy to oppose it."

VANCOUVER, B. C., April 27.—(P)—Recent reports of an important gold strike near Carmacks, Yukon, were confirmed today by Anton K. Money, a business man, on his arrival from the north.

Three Burned As
Gas Line Explodes
Near Dodge Sunday

DODGE CITY, Kan., April 27.—(P)—Mrs. Ruby Snyder and Mr. and Mrs. Jerry Leffler were under treatment for severe burns suffered yesterday when the Continental pipe line through the Leffler farm near Dodge exploded.

The victims were in the house at the time of the explosion, which enveloped a test of the line which is to carry gas to Indiana and its cause remained undetermined today.

FIVE WERE KILLED WHEN TRAIN STRUCK AUTOMOBILE SUNDAY

(Continued from page 1.)
ton airport, Dallas, Sunday afternoon.

Mrs. R. R. West, killed when she fell beneath the wheels of an automobile, Dallas.
H. R. Shell, of Weslaco, fatally injured at McAllen when he lost control of his automobile and crashed into a filling station.

Ruth York, 14, struck by lightning near Giddings during an electrical storm Sunday.

Tex Shelton, 24, fatally injured Saturday in an auto accident in Cameron Park, Waco. He died Monday in a hospital.

Ellie Sarah Penning, 18-months-old, died in an auto collision in Dallas Sunday afternoon.

B. F. Parkman, burned to death when an auto caught fire in the garage at his home in Dallas, Saturday.

Crossing Crash is Cause Five Deaths

COMMERCE. April 27.—(P)—Five persons were dead today as the result of a grade crossing accident yesterday at Granby, Beck, a small community near Commerce. The dead were Clyde Jackson, his two sons, Billy, 5, and Gafford, 12, Preston Beggs, 18, and Allie Hutchinson, 26.

The small automobile in which they were riding was struck by a Cotton Belt passenger train. The crossing was considered dangerous because the road lies in a deep cut and brush screens the view of the railway.

All the victims were related, living on farms near the scene of the accident. They had gone to borrow a thermometer for Jackson's wife, who was ill. Jackson is survived by his widow, daughters, Hutchinson by his widow and four children, and Beggs by his mother, three sisters, and three brothers.

Murder Charges Followed Death

PAMPA. April 27.—(P)—Roy Vest and T. A. McIntyre of Tucumcari, N. M., today were charged with murder for the death of Vest's wife, killed instantly last night when she fell from a moving automobile and was struck by a passing car. In filing the charge, Sheriff Lon Blansett alleged the woman was thrown from Vest's car through malice. The car was driven by McIntyre on a street here.

Mrs. Vest's neck was broken and her forehead crushed when her head was struck by wheels of a machine driven by R. A. Williams of Pampa, who took her to a hospital.

Vest and McIntyre claimed the body was in a fit of anger. His parents, Mr. and Mrs. A. H. Wilkerson, live in Newcastle, Wyo., and a sister, Mrs. P. M. Johnson, in Tucumcari. The body will be sent to Tucumcari for burial. The party was en route here to visit another sister of Mrs. Vest, Mrs. Roy Prister.

Auto Crash Fatal. WACO, April 27.—(P)—Tex Shelton, 20, died in a hospital today from injuries received Saturday in an automobile accident in Cameron park. Three other youths in the car were slightly injured.

Negro Child Burns to Death.

ENNIS. April 27.—(P)—Melvin Keith, 8, negro, was burned to death in her home early today. She was alone at the time, her father and mother having gone to work.

Two Are Drowned. TEXARKANA, April 27.—(P)—Two Texarkana residents were dead today as the result of the capsizing of a boat from which they were fishing with three companions yesterday. The dead were J. B. Christopher, 30, and Miss Julia Wright, 21. The other members of the party swam ashore.

Dallas Aviator Killed.

DALLAS. April 27.—(P)—Albert G. Hieber, 30, amateur aviator, was killed late yesterday when the plane he was piloting went down into a spin and fell 200 feet to the ground at the Hampton airport. Witnesses said the motor stalled. Hieber owned the machine jointly with Elliott Ramsey.

Man Fatally Shot.

TIMPOON. April 27.—(P)—Zack Vaughn, 37, resident of the Wildwood community, seven miles northwest of Timpoon, was shot and fatally wounded Friday night. He died soon after the shooting. A man living near Vaughn was held in jail in connection with the shooting. No motive for the killing was learned immediately.

Houston Youth Killed.

LAKE CHARLES, La. April 27.—(P)—Charlie Jordan, 18, of Houston, Texas, visiting his grand parents here, was fatally injured when an automobile overturned beyond Westlake, near Lake Charles.

Fire Badly Damaged W. E. Harrell Home Sunday Morning

Fire of undetermined origin considerably damaged the home of W. E. Harrell, 1422 West First avenue about 10:30 Sunday morning. The roof of the house was destroyed and one room badly gutted.

Insurance amounting to \$3,400 was carried on the house and \$2,500 on the furniture. Loss was announced today before the national Academy of Sciences.

CLEVELAND. April 27.—(P)—Cyrus S. Eaton, Cleveland financier who founded Continental Shares, a \$156,000,000 investment concern, has resigned as chairman of the board and heads of four Cleveland banks have been elected directors.

George T. Bishop, Cleveland and New York financier and widely known public utilities and railroad executive, came from virtual retirement to become president of the corporation which holds large public utility, steel and rubber interests.

Bishop declared that "in my opinion there is absolutely no reason for Continental shareholders to be apprehensive as to the entire solvency of the corporation and the ultimate substantial enhancement of their investments, providing, of course, the financial storm ever subsides."

Eaton issued no statement, but appealed to his associates as sane and cheerful.

Eaton does not relinquish any of his holdings and the move was made to inspire confidence in Continental Shares should it have been threatened by the six stockholders' suits recently filed. It was started by Theodore L. Bailey, spokesman for Continental Shares and Otis & Company, Cleveland brokerage house.

The latter move, Otis & Company announced, was to segregate investments from commission business. This line with the policy recently advocated by the New York Stock Exchange.

Eaton's resignation was made Saturday, but was not announced until last night.

Eaton has had a meteoric career in financing utilities and steel mergers. Continental was formed in 1926 and was used as a vehicle by Eaton and his associates to put together the Republic Steel Corporation. Continental also played a part in the famous fight last fall against the proposed merger of the Youngstown Sheet & Tube Company with the Bethlehem Steel Corporation. The merger is still pending in the courts.

Eaton Shares Advanced.

NEW YORK. April 27.—(P)—Shares which have been prominently identified with the Otis Partnership of Cleveland rallied when the proposed constitutional amendment which would deny the right of investment of the University of Texas permanent fund in bonds, obligations and pledges issued by the university board of regents.

The proposed amendment will be submitted in the general election next year.

Plans Adjournment May 12.

AUSTIN. April 27.—(P)—Representative Anderson of San Antonio gave notice today he would call up tomorrow a resolution to adjourn the legislature sine die May 12. The resolution was introduced several weeks ago and tabled subject to call.

CHANGES CHURCH CODES PROPOSED IN NEAR FUTURE

(Continued from page 1.)

Even though a minister should officiate at the marriage of a communicant and one divorced, the ceremony could not be conducted in a church edifice nor could the book of common prayer be used.

At present an Episcopalian minister cannot in any circumstances officiate at the marriage of a divorced party in a church granted for fidelity, although he can marry the innocent party with the consent of the bishop.

In giving its approval to birth control, the commission of the Presbyterian church said:

"Earnest Christian people are asking for the church's guidance on the subject of birth control. This subject demands attention today as never before. The economic and sanitary standard of living make it wrong to bring children into the world without adequate provision for their nurture and proper consideration for the health of the mother."

If birth control is practiced, the report continued, "it should only be in fidelity to the highest spiritual ideals of the Christian home."

The Presbyterian report will be submitted at the general assembly of the church in Pittsburgh May 28. The Episcopal revision will be presented to the general convention in Denver September 16.

SAY IT WITH Flowers on Mother's Day SUN. MAY 10.

Charles, about midnight Sunday night in the car with him were Keith and Charles, 17, of West Lake, and A. J. Bricham, driver. Bricham gave the two youths a ride at Lake Charles.

STARS BRIGHTER THAN SUN DISCOVERED RECENTLY; NEW ENTERTAINMENT PROGRAMS

**By F. B. COTTON
(Associated Press Science Writer).** WASHINGTON, April 27.—(P)—Discovery of stars 40,000 times as radiant as the sun is about 200 million light years. That is the distance light would travel in 200 million years at its speed of approximately 186,000 miles a second.

Dr. Harlow Shapley, astronomer and director of the Harvard Observatory, told of the huge new stars in describing explorations into distant reaches of space that may shed new light on the "limits" of the universe and on mathematical theories about the nature of space.

He spoke at the opening session of the three day annual meeting of the National Academy of Sciences.

Dr. Shapley said he had found the more distant galaxies do not seem to be uniformly distributed in space, and this may be significant in relation to mathematical theories concerning the universe.

Dr. Shapley said he had found the more distant galaxies do not seem to be uniformly distributed in space, and this may be significant in relation to mathematical theories concerning the universe.

SEARCH FOR FIVE MISSING MEMBERS MOTORBOAT PARTY

CAPSIZED LAUNCH FOUND; VIRTUALLY NO HOPE REMAINS

OAKLAND, Cal., April 27.—(P)—A search was pressed today for five prominent residents believed to have drowned with the capsizing of their motorboat off Goat Island. Airplanes augmented shore patrols. The sixteen-foot outboard motor launch "Chickie" was found floating bottom up in San Francisco bay yesterday. It was discovered by John A. Johnson, tugman, who towed the craft to the Oakland Yacht Club.

The missing, for whom hope was virtually abandoned, are Gilbertson, Jr.; San Francisco stock broker; Mrs. Mary Loken, his wife; Earl E. Jefferson, Oakland insurance man; Mrs. Lydia Jefferson, his wife; and Sheridan Hubbard, 34, manager of an Oakland building and loan company. They had attended a dance at the Yacht club Saturday night and Hubbard invited them for a cruise.

Four airplanes and two coast guard cutters, besides privately owned motor crafts, searched the bay without results.

SPECTATORS BARRED FROM OPENING TRIAL SAN ANTONIO MAN

SAN ANTONIO, April 27.—(P)—Armed deputies barred curious spectators seeking admission to the trial today of R. C. (Bob) Lockett, for the holdup slaying of Paul Kardow, butcher.

Court attaches explained spectators will not be admitted until the 300 special veniremen summoned are listed. Deputies seeking to enter the courtroom indicated a widespread public interest in the trial.

It was anticipated that postponement of the trial would be sought as the opening move.

The shooting of Kardow, one time San Antonio, wrestler, who was a butcher in Graham's store, occurred the night of March 21. The dead man left a widow and five children, and dozens of citizens have contributed to a fund to pay the debt on the Kardow home.

Saxet Company May Buy Gasser Acreage

NEW YORK, April 27.—(P)—A special meeting of the stockholders of the Saxet Co. has been called for May 1 to ratify acquisition of companies controlling 250,000 proven acres of natural gas holdings in the Hugo-Ton field of Southwest Kansas and Western Oklahoma. The properties, valued at around \$18,000,000 and having gas reserves estimated at 2,400,000,000 cubic feet by independent engineers, are to be acquired from Moody Seavanes Co. through purchase of all the common stock of Argus Production Co. and Western Production Co. at 87-1 per cent of the common stock of Missouri Valley Gas Co.

Money Hidden in Old Icebox Lost, Owner Is Frantic

CHICAGO, April 27.—(P)—It was hard for George Morris to keep cool yesterday despite the fact that his principal concern was about two iceboxes one of them new, the other old. He withdrew \$700 in cold cash from the bank the other day, reasoning that there could be no more appropriate place for it than the same ice box, at least until he could find a chance to use the money to pay his taxes. Then he went away, returning last night. "Look," said his landlady, Mrs. Fischer as she took him to the kitchen, "a new ice box for you. I threw the old one away."

"Help," yelled George, "my \$700 was in that box."

The old box had been tossed into the basement by a search party to reveal George's frozen assets. His roommates tried to find it, but to no avail. So did the furniture movers. George was about to give up in despair when he thought of the police. A police sergeant came with an axe. He smashed the box. Inside a drain pipe he found George's cash—intact.

Thirteen Members Graduating Class Of Wortham High

WORTHAM, April 27.—(Spl.)—Thirteen seem to be lucky number with the Wortham senior class, following are the thirteen graduates: Clotilde Roberts, valedictorian; Elaine Moss, salutatorian; Payne Marie Alair, salutatorian; Geneva Pauline Campbell; Mary Hale; Mildred Miller, Roy Rollins, Minnie Ruth Smith, Frances Weaver, Pat Wise.

The Senior class play—"Two Days to Marry," will be presented May 8th, at the high school auditorium, with Miss Mary Grace Lott, director.

Aged Teague Woman Buried Leon County

TEAGUE, April 27.—(Spl.)—Mrs. E. J. Holland, aged 74, passed away at the home of her daughter, Mrs. W. T. Hopsom following a lingering illness.

Interment was made in Old North Creek cemetery in Leon county, the funeral services being conducted by Rev. O. C. Hartsell of Teague.

Surviving are two sons and a daughter, W. B. Holland, Sapulpa, Okla.; R. R. Holland, Valentine, Texas, and Mrs. W. T. Hopsom, Freestone, Texas; several grandchildren and a host of other relatives.

WORTHAM SCHOOL HEADS

WORTHAM, April 27.—(Spl.)—The Rev. George C. Jurrens of Fort Worth has accepted the call of the First Baptist church of Wortham. This church has been vacant since Rev. Roger resigned to accept the call to the Baptist church of Bridgeport, Texas. Rev. Jurrens will begin his work in Wortham the first of June.

ACCEPTS WORTHAM CALL

WOMAN IDENTIFIES BODY OF SLAIN MAN AS SWINDLE LEADER

SOUTHBEND, April 27.—(P)—Complete vindication of an accusation that she was a party to the fargo game swindle in which she lost \$50,000 was claimed today by Mrs. Myrtle Tanner Blackridge, former internal revenue collector of Northern Illinois through her identification of the body of "Big" Perry, as the leader of the swindlers.

Blackridge came to South Bend yesterday and pointed to Perry as one of the three men who fled with the \$50,000 after a card game three months ago at Springfield, Ill. Edward R. Litsinger, a member of the Chicago Board of Review who knew the man, accused Mrs. Blackridge of being a party to the swindle. Litsinger maintained he was unaware of the transaction. Subsequently Mrs. Blackridge resigned her internal revenue position.

"It is just retribution that this man who almost succeeded in assassinating my husband should himself die of an assassin's bullet," Mrs. Blackridge said.

Meanwhile the police here and elsewhere were searching for Roy Browder and Roscoe Reynolds on the theory they were involved in the fatal shooting of Perry last Friday night in the garage at the home of his father-in-law, John Caniff. They expressed belief Browder and Reynolds were Perry's pals in the swindle and both crossed them in the dividing of the loot of the faro swindle.

INVESTIGATE PLOT LIBERATE SEVERAL UTAH PRISONERS

SALT LAKE CITY, Utah, April 27.—(P)—Eight letters written in lemon juice were in the hands of Warden R. E. Davis of the Utah state penitentiary today as he probed a plot to free 21 prisoners.

The secret missives, addressed to a trustee, were intercepted and treated with heat after Warden Davis had been advised by Oregon officials that Wallace Crews, one of their prisoners, had been told of a plan to dynamite the walls in a letter from Hollywood, Cal. Two Utah prisoners were in solitary confinement and others were under surveillance.

Warden Davis said the letters contained a general plan for the delivery, details of which he did not disclose.

DISTRICT LIONS LEADING

WORTHAM, April 27.—(Spl.)—M. C. Strange, president of the Wortham Lions Club, has received a letter from the secretary of the Lions International Club, that the clubs of his district are now holding first place in the international membership contest. If the district still remains in first place, it will entitle some Lion in the district to a free trip to the Toronto convention.

Indian Steals Same Hat Twice; Saws From Jail

PETERSBURG, Ind., April 27.—(P)—Officers were worrying today in fear that Sherman Johnson's ambition was getting the better of him.

Held on a charge of stealing the same hat twice from the Dill General Store at Francisco, Ind., Johnson was to have been sentenced today for burglary.

Johnson had not yet pleaded guilty to the charge but he intended to wear that twice-stolen hat to prison.

His second theft of the hat took place a week ago when he and six other prisoners escaped jail. He was later captured, and it was taken from him.

Yesterday he was taken his way out of jail again.

The proprietor of the Francisco store has been warned to guard the hat.

COURTHOUSE NEWS

WASHINGTON, April 27.—(P)—Secretary Hyde may play an important role in the republican party's campaign of "economic instruction" in the farm belt, but first he plans a vacation.

The agriculture secretary will leave Washington next Monday for Memphis to address a Boy Scout celebration. From there he will go to Port Aransas, Texas, for a month of his favorite sport—fishing.

If his affairs can be arranged satisfactorily he probably will spend most of the summer months with a rod and line. In the late summer or fall he will be ready to talk for the tariff and farm board in the middle west.

WORK OF DRAFTING INTERSTATE PACT ON OIL UNDER WAY

COURTHOUSE NEWS

WICHITA, April 27.—(P)—Secretary Hyde will try Texas fishing.

WICHITA, April 27.—(P)—Secretary Hyde may play an important role in the republican party's campaign of "economic instruction" in the farm belt, but first he plans a vacation.

The agriculture secretary will leave Washington next Monday for Memphis to address a Boy Scout celebration. From there he will go to Port Aransas, Texas, for a month of his favorite sport—fishing.

If his affairs can be arranged satisfactorily he probably will spend most of the summer months with a rod and line. In the late summer or fall he will be ready to talk for the tariff and farm board in the middle west.

COURTHOUSE NEWS

OKLAHOMA CITY, April 27.—(P)—Work of drafting an interstate agreement to aid the domestic oil industry was started here today.

With Northcutt Ely, first executive assistant secretary of the interior, representing the federal government, the legal sub-committee of the oil states' advisory committee met to draft an agreement to be submitted to the oil states group at a meeting in Austin, Texas, May 4.

Warwick M. Downing of Denver was to represent that state, while Kerner McConnell of Columbus, was to represent Ohio.

Cleco I. Murray, chairman of the oil states' advisory committee, called the meeting. Attorneys from Texas and representatives of the American Bar association were asked to attend and aid in working out plans which it is hoped nine producing states will adopt.

CORPORATION COURT

One charge of blocking a sidewalk, six of disturbing the peace, and one of speeding appeared on the docket of the Corporation court Monday morning for the action of Judge H. S. McLean.

Dr. J. Wilson David reported to the police department Sunday that someone entered his garage at his home at 1619 West Park avenue Saturday night and removed the right front and rear tires from his car.

STOCK EXCHANGE FIRM SUSPENDED FOR INSOLVENCY

NEW YORK, April 27.—(P)—West & company was suspended today for insolvency.

The firm, a well known New York and Philadelphia house, maintained several branch offices in Pennsylvania, including two in Philadelphia and one each in Allentown, Harrisburg, Johnstown, Lancaster, Pottsville, Scranton, Williamsport and New York.

The company had 11 general partners and four special partners. The special partners are William West, Elmer E. Rodenbough, Grenville D. Montgomery and Howard W. Hunter. The general partners are Harry C. Thayer, William W. Watson, Jr., J. West, Rulon Cooper, Hugh R. Partridge, Samuel Cochran Finch, Charles Sherman, Bryce Flynn, William W. Hepburn, Thomas C. Stockhausen, floor member, and W. Knowlton Hoat and Edward C. Cassard.

West & company's principal office was in Philadelphia. It also maintained an office in Wall street.

In addition to a commission business the firm acted as underwriters, distributors and dealers in railroad, public utility, industrial and real estate bonds and stocks.

The New York curb exchange announced suspension of the company from that market.

In connection with the suspension, Distributors Group, Inc., sponsors of North American Trust shares, one of the largest

HILLSBORO TOPPLED CORSICANA IN GOLF MATCH SUNDAY 10-4

HILL PLAYERS WON
EARLY LEAD WITH
LOCAL PERFORMERS

THREE PLAYERS TURNED IN
SCORES OF 70 EACH AT
HILLSBORO

BY BIMBO MERROW.
HILLSBORO, April 27.—Playing in weather more suitable for football, the Hillsboro golf team of the Central Texas Golf Association knocked the league-leading Corsicana team off their perch in first place Sunday afternoon on the local course, 10-4.

It was not a day for golf but the players braved the cold north wind and made the best of it. Many sensational drives were made by players on both teams in the wind.

Three players, E. McCall and Rupert Craig of Hillsboro and John C. Calhoun of Corsicana tied for low scores, each getting a 70.

The outcome of the contest was in doubt at times. The first foursome completed gave Hillsboro two points. Hillsboro got a point in the next, and the third was a tie. Hillsboro annexed three points in the fifth foursome and then Corsicana won two points in the next. Hillsboro won another point and Corsicana got one point in the next two matches.

Scores by foursomes with Corsicana players named first:

Chas. Holloway, 73; Rip Lang, 81; C. S. Morgan, 73, and B. Crowder, 71—Hillsboro 2 points.

Tom Pinkston, 75; Lynne Adams, 79; Fred Creswell, 77; H. Adams, 77—Hillsboro 1 point.

Ed. M. Polk, Jr., 80; Caldwell, 77; T. R. Barnett, 83, and Nellins Smith, 72—Tied.

M. H. DeWitt, 77; John Garritt, 76; Rupert Craig, 70; Jimmie Marshall, 72—Hillsboro 2 points.

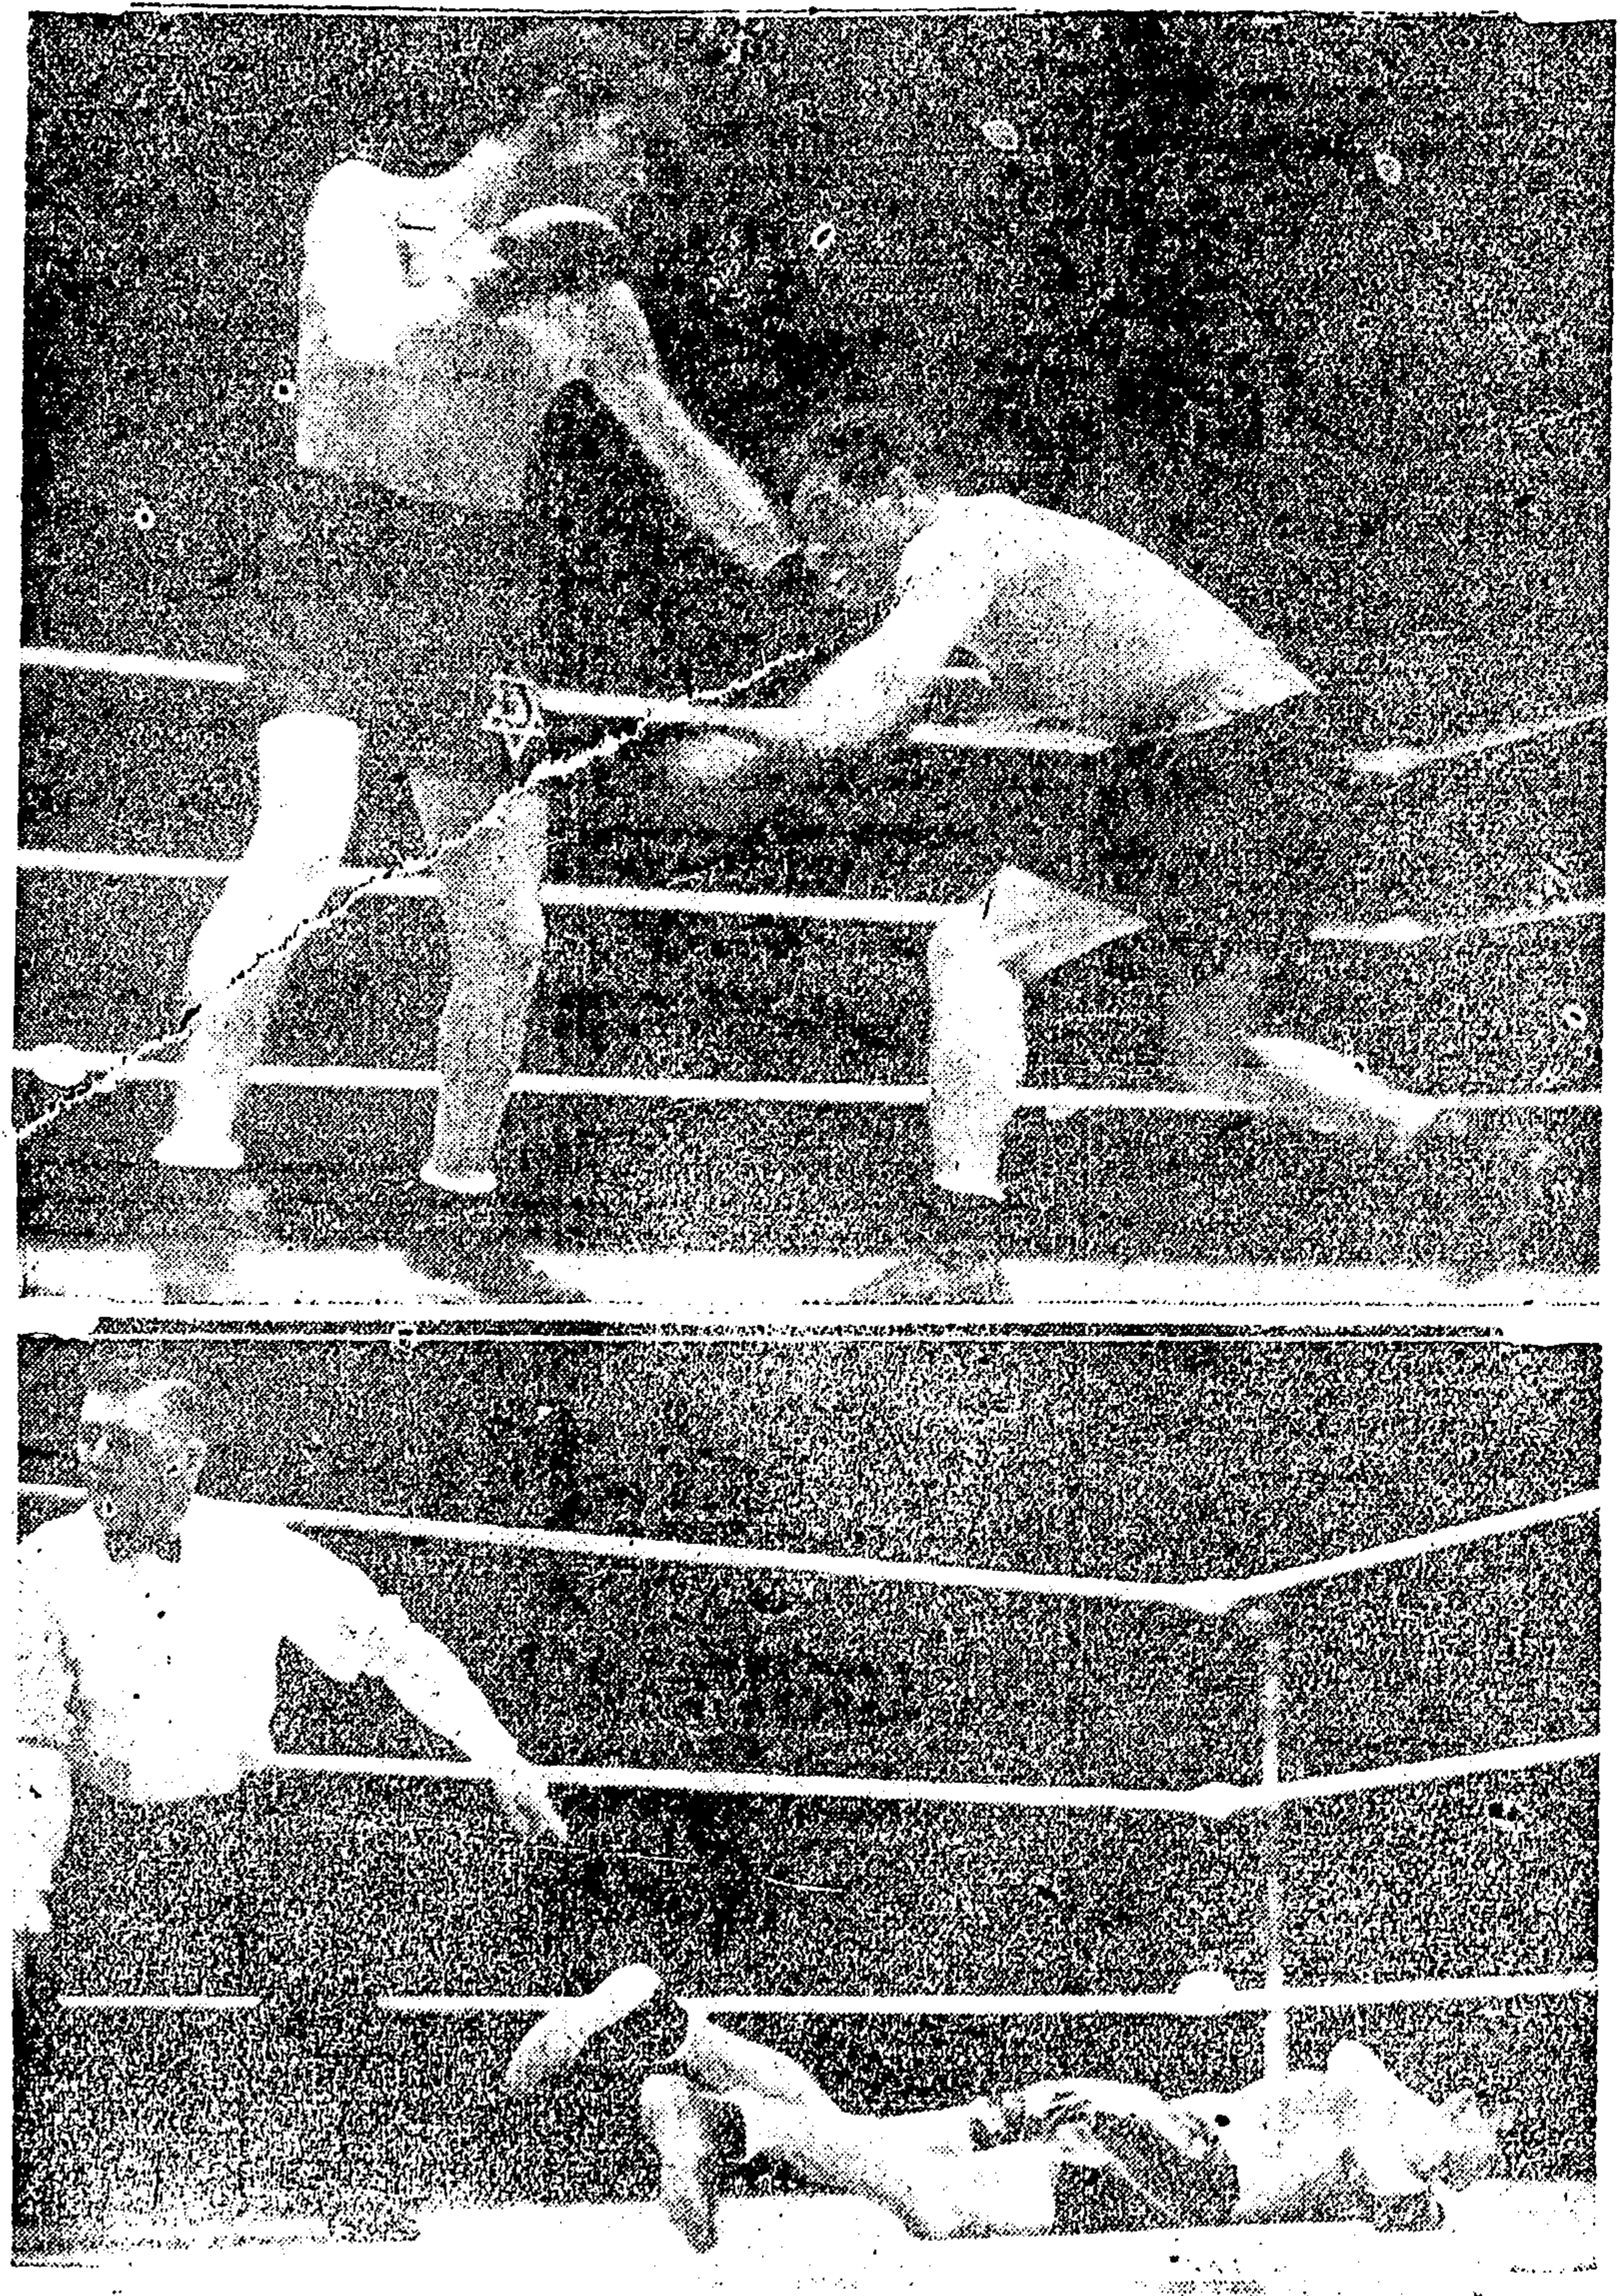

Dr. Fred Owens, 83; Sid Briletz, 83; Tom Miller, Yates, 88, and E. McCall, 70—Hillsboro 4 points.

John Calhoun, Henry Walker, 85; Perry Battle, 81; L. K. Hanahan, 86—Corsicana 1 point.

R. Stell, 82; Ralph Stell, 81; Cecil Stubblefield, 86; Roy Bishop, 84—Corsicana 1 point.

J. H. Hook, 84; Jake Hudson, 79; Charles Duncan, 79; Dr. Boyd, 82—Hillsboro 2 points.

THE OPENING AND FINISH OF CHAMPIONSHIP BATTLE

SPORT NOTES

By PAUL MOORE :: Daily Sun Sports Editor

Home run hitters Saturday included Cox, Fort Worth, 2; Geygan, Wichita Falls; Radcliff, Shreveport, 2; Easterling, Beaumont; Herman, Brooklyn; Verges, New York Giants; Leslie, New York Giants; Arlett, Philadelphia Phillies; Alexander, Detroit; Simmons, Philadelphia Athletics.

Baylor took a firmer hold on the first place in the Southwestern conference baseball race Saturday by winning over T. C. U., 5-0. Rice, with Hart pitching the first no-hit, no-run game of the season, downed S. M. U., 5-0.

Rogers Hornsby, manager of the Chicago Cubs, is setting up a dizzy pace for his players to follow after hitting four home runs Friday, he came back Saturday to hammer out four hits in five trips to the plate, including a double in the ninth to aid in a rally that won the game over Pittsburgh.

Scott Bagby, tennis player of note, son of Mrs. S. C. Bagby of Corsicana, is playing with the Cincinnati university netters. Among the teams to be met in the near future by the Cincinnati club are: Deacon U., Indiana, Ohio and others. In a recent match with the Wittenberg college players, Bagby won his two matches, giving the Cincinnati club the margin for a victory in the meet.

Looks like Sands, rookie outfielder with Corsicana in 1923, and product of Chatfield, is going to make the grade as an outfielder with the Tyler Trojans of the new East Texas League. Sands is playing centerfield, and his name has been given in the starting lineup when the season starts.

Who Will Be Your Executor

The conserving of an estate and the keeping up of a regular income from it, are, as a rule, only possible when the Executor is thoroughly familiar with legal, financial and commercial affairs. That is why banks are now so often appointed as Trustees. Fill in the coupon for a copy of our booklet and inform yourself on this important matter.

MAGNOLIA OILERS
SMOTHERED LAYNE
CLUB SUNDAY 22-4

VISITING AGGREGATION UN-
ABLE TO COPE WITH
MAGNOLIA TEAM

Magnolia Oilers smothered the Layne Cardinals, Independents of Houston, at Municipal Park Sunday afternoon, 22-4, in a game featured by the errors of omission and commission by the visiting aggregation. Nine runs were made by Magnolia in the fourth inning when the side should have been retired without a run.

A number of easy pop flies were allowed to drop both in the infield and outfield for base-hits that should have been easily caught.

A small crowd witnessed the game.

Reagan, catcher for the Oilers, led the hitting with a two-bagger and three singles.

Novak, third-sacker for the visitors, was the best performer on the visiting club, and led in the hitting attack with a double and single. Twelve bases on balls were issued by the trio of hurlers on the hillock for the visitors.

The game was called by Umpire George.

George was the head of the first half of the eighth inning.

Layne drew the first blood in the opening inning when Davis doubled and went to third when no one covered second, and scored on the long fly hit by Kimball.

Magnolia came back to tie the run in the second after Harper opened the inning with a single, went to second on Balley's sacrifice, trotted to third on a passed ball, and score when Pitcher Gathright reached over on the outside to single sharply down first base line.

Three runs were made by Magnolia in the third on a pair of walks, two passed balls, a wild pitch, a stolen base, and two hits.

The Box Score.

How and when should the Jigger be played?

Answered By

LARRY NABOLTZ

The Jigger is an iron club designed to be used for short distance between the midiron and mashie. For the average player it is a 160 yard shot. It is played about the same as the midiron. Take a three-quarter swing. It is well to use the Jigger when the ball is on a cuppy lie.

SHREVEPORT ENTERS WIN COLUMN FIRST TIME CURRENT SEASON

FORT WORTH TAKES
LOOP LEAD SUNDAY
FROM STEER CREW

GALVESTON DEFEATS HOUSTON WHILE INDIANS SCALP BEAUMONT

(By The Associated Press) A three-run rally in the tenth inning gave the Fort Worth Panthers a 4 to 1 victory over the Dallas Steers Sunday and the Texas League pennant leaders by a margin of one game.

The league leadership at stake, McCabe, for Fort Worth, and Murray, for Dallas, started the game. Both worked well and at the end of nine innings the score was tied at 1 and 1 an error, an intentional pass and two hits scored three runs for Fort Worth in the tenth, and Hanson, who relieved McCabe, held the Morsmen hitless in the Steers' half of the inning to get credit for the win.

Shreveport, knocked about in every game since the season opened, finally broke into the win column at the expense of the Wichita Falls Spudders Sunday. After losing ten straight, the Sports with Tommies in the lead, scored four runs in the eighth, taking a 5 to 3 lead which the Spudders could not touch in the ninth.

Carroll was master of the Houston Buffs as the Galveston Buccaneers won 3 to 2, squaring the series with their rivals and at the same time breaking a four-game losing streak. Carroll struck out both one Buff but kept Houston's six hits well scattered so that they missed only two runs.

San Antonio made it two straight over Beaumont, 4 to 1, with Cyrus Smith baffling the Exporters. He kept their nine hits scattered and aided his own cause by driving in two runs with a double and triple.

Monday's schedule was unchanged. Fort Worth playing at Dallas, Wichita Falls at Shreveport, Houston at Galveston and Beaumont at San Antonio.

"CALAMITY JANE"
FAILS BOBBY IN
SUNDAY MEETING

By PAUL ZIMMERMAN

LOS ANGELES, April 27.—(P)—"Calamity Jane" lay dejected in Bobby Jones' golf bag today.

The famous writer, who aided the Atlanta lawyer in becoming the world's greatest golf champion, failed its master miserably on Wiffshire Country club's rain-soaked green yesterday, and there-in lies a story.

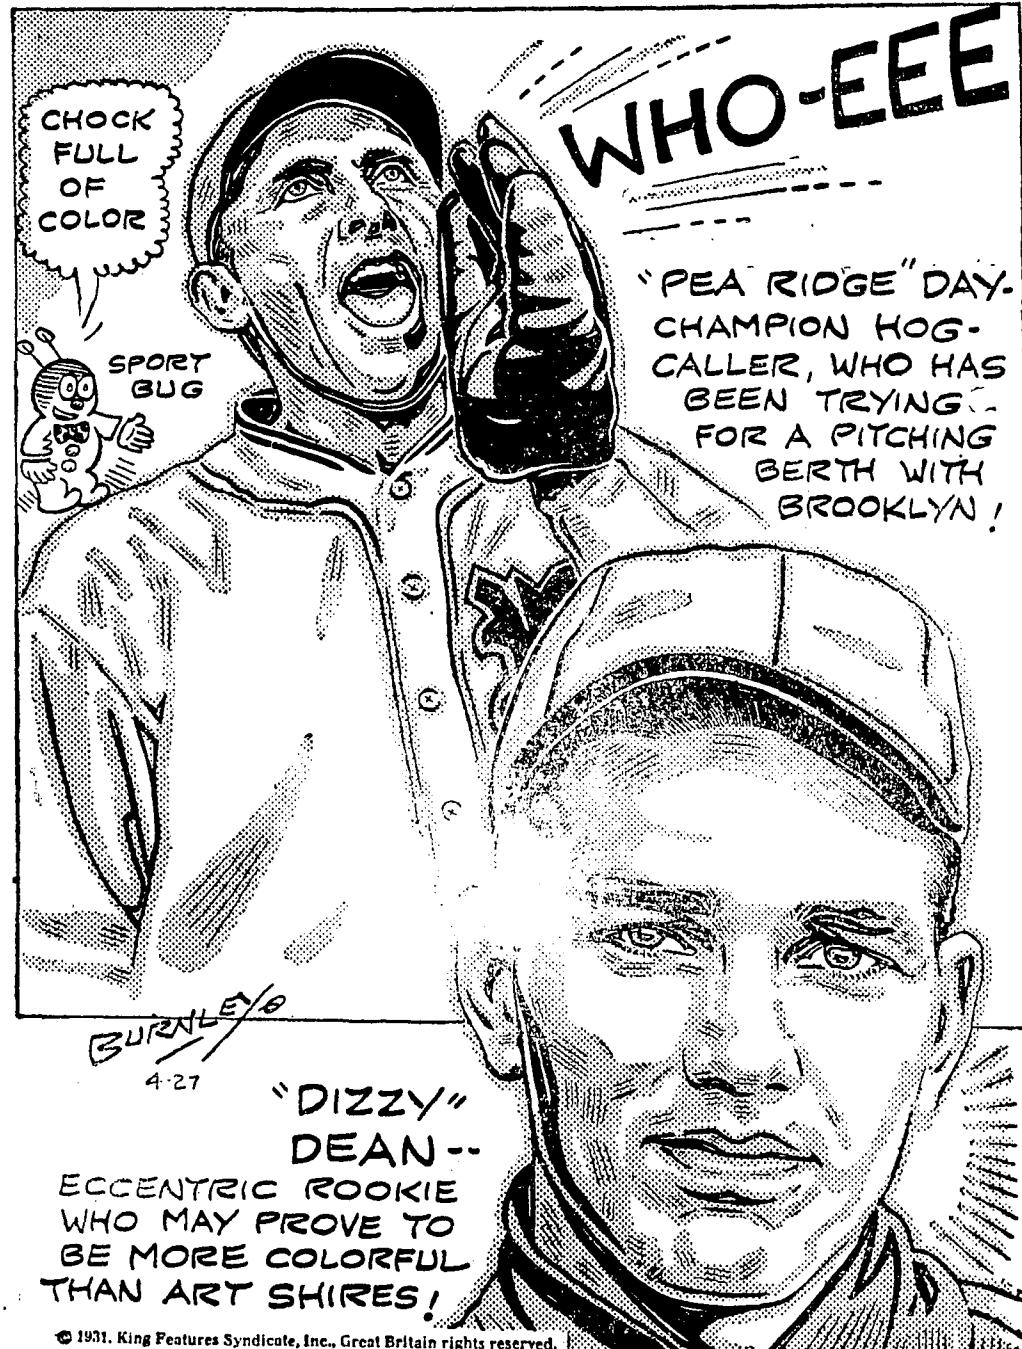

All happened in a best-ball match for charity, in which Jones and Lee Diegel, Agua Caliente pro, added through 18 holes to finish square with California's Dutra brothers. Mortie Olin of Santa Beach and Olin of Santa Monica.

The surprising thing was that it was Jones who had the highest score, a 75. Diegel and Olin shot 74s and 73s respectively. Jones stepped aside into a flooded Barranca to explode his balls at oil-shelled nuts.

Day became noted as a pig's spillbinder back in Pea Ridge, Arkansas. He's been up in the big

Baseball Bugs, Indeed!!

"DIZZY"
DEAN --
ECCENTRIC ROOKIE
WHO MAY PROVE TO
BE MORE COLORFUL
THAN ART SHIRES!

© 1931 King Features Syndicate, Inc., Great Britain rights reserved.

SHADES of "Rube" Waddell, "Ping" Bodie, "Art the Great" Shires and all the others whose genius for the national game was tinted with eccentricities! That talented and entertaining breed is not extinct.

If you think so, just give heed to Jerome H. "Dizzy" Dean of the St. Louis Cardinals and Clyde V. "Pea Ridge" Day of Brooklyn Robins. Both are pitchers; neither is a southpaw. "Dizzy's" only 20, his shadiness is scarcely green. "Pea Ridge" is 31 and no squirrels have caught him yet because, perhaps, his favored diversion is calling hogs, and porkers balk at unshelled nuts.

Day became noted as a pig's spillbinder back in Pea Ridge, Arkansas. He's been up in the big

show for short spells twice and, after a good 1930 season at Kansas City, he again was invited to the big top. In a pre-season appearance against the New York Yankees, "Pea Ridge," fresh with an eighth inning relief job, tried to baffle "Babe" Ruth and met a not uncommon fate. Echoes of the Ruthian homer could not still Day's *hophoratory* at all though. He whooped and whooped but, in the next inning, he walked a drove.

Then his shouts came back from the crowded stands in the form of a Brooklyn rendition of Gotham's celebrated "Bronx cheer." But that was only the start.

As to the dizzies of the Deans, he has more confidence than a college boy at the beginning of a spree. He pitched well for the Cards in his lone National League

start last season and was vociferously peed because eligibility rules barred him from the World Series.

Simmons? Cochrane? Foxx?

And the rest of the Champion Athletes? "Just a bunch of mugs like those Pirates," according to the Dizzy One's analysis of major hitting material.

Why did those A's beat the Cards in the world series? Well, "Dean didn't pitch," explains Dean, who grants that his "Dizzy" nickname refers to the speed with which he throws a ball "like that old guy they call Dazzy with Brooklyn," he adds.

Day and Dean (if they make good this season), what a vaudeville team they might make next Winter!!

GREAT IMPORTANCE LEGUMES AND COVER CROPS IS STRESSED

MANY FARMERS NAVARO AND ELLIS COUNTY ATTEND FIELD DAY HERE

Importance of legumes and cover crops as soil conservers, builders, and as valuable additions to grazing and feeding of livestock was presented to some 150 farmers of Navarro and Ellis counties at the field day held at the Arcady Farms, country home of Mr. and Mrs. F. N. Drane, Saturday morning. The afternoon was devoted to tour of the farm and inspection of the growing crops.

The meeting was sponsored by the extension service of Texas A. & M. College under the leadership of G. W. Orms, district agent, and Calvin Pigg, county agent; and the agricultural committee of the Corsicana Chamber of Commerce, headed by Mr. Drane.

After the morning lecture period, the visitors were guests of Mr. Drane and the chamber of commerce at a buffet luncheon in an open air pavilion seen in the lecture after which the group was divided and the inspection tours started under the supervision of competent guides.

Expressing the purpose of the field day, Mr. Pigg declared that the way of soil building and conservation. He declared that the Arcady farm was one of the outstanding breeding exhibits in the entire state in the work that can be done with legumes, and cover crops.

He then introduced the speakers of the day, and a number of the delegations including the Ellis county group under the leadership of County Agent Walter Love, T. B. Lewis of Groesbeck, and Mr. Spencer of Blooming Grove, and a group of farm club boys.

Watched Farm Progress

G. W. Orms, district agent, then took charge of the program, and recalled the dairy meeting held on the same site about a year ago. He recalled having watched the progress of Arcady farm since its purchase about sixteen years ago, and commented on its steady progress. Declining to be interviewed, he said that he had studied soil building work in many states and under many teachers. Mr. Orms said that no more striking example of the work or value of the efforts could be found than the Arcady Farm. No man he asserted was a more thorough student of soil building than Mr. Drane, who took his knowledge of the depleted soil conditions as a basis and carefully worked out a program of restoration.

Asserting that the nation was at a standstill at the rate of soil depletion, he presented the need of studying the bacteriology of the soil. There are twenty counties in the blackland belt of central Texas that are richer than Mississippi delta, and nowhere has soil been more abused, the district agent asserted.

Crop Rotation Necessary

He declared that crop rotation was the best protection known against insect and soil troubles and asserted that legumes were rich in lime which was essential to feed for dairying, and at the same time the most powerful soil builders.

A preliminary survey indicated that the crates contained 51,000 ounces of morphine, 8500 ounces of heroin and \$500 ounces of opium.

Newspapers said a ton came from abroad. Police detectives examined officials and federal agents classified as "agents" and seized 17 large crates on pier 84 yesterday afternoon and together opened one of the boxes. It was found to store three layers of sealed zinc cases.

"Consider this information reliable. However, this plan may or may not materialize. Anyway I consider the information of such importance I deem it my duty to notify the different companies in Texas to instruct their employees and all persons who have been engaged in watching all movements, as nearly as possible, as to activities of the reds in all of the oil fields of Texas."

Chief Sims revealed that the letter was received by Bert M. Cromack, Jr., in charge of the Maud office of the Stanolind Crude Oil Purchasing company, who provided Sims with a copy.

It also was learned that at a meeting of local American Legion members at the sheriff's office Saturday morning,

Three white men and two negroes were arrested. One of the white men was reported to have had 96 gallons of liquor, and

was thought to be en route to Dallas. Another white man was arrested and 21 gallons were confiscated and another charged with possessing 18 gallons.

The two negroes were arrested in connection with the seizure of four gallons.

The three white men were said to have been arrested near the Navarro-Freestone county line on highway 75.

CORSICANA, TEX., APR. 28, 1931

IMPORTANCE OF HIGH WAGES.

More than \$1,000,000,000 in unemployment relief projects has been placed under contract since December 1 by federal, state and municipal governments and other agencies.

It is estimated by the government that this sum should provide one year's steady employment at high wages for 550,000 men, of which 55,000 would be employed on the projects and the remainder in the preparation of materials.

Only one-twelfth of the 6,000,000 unemployed would be given work directly, but that one-twelfth would help provide work for the other eleven-twelfths through spending of earnings for the necessities and luxuries of this life.

Thus does the importance of paying the 550,000 a living wage become apparent. The government's estimate is on a basis of approximately \$5 per day, and anything less would defeat the very purpose of the relief program which is to cost the nation billions before it is consummated upon the return of prosperity.

Are the contractors and concerns furnishing the materials on relief projects paying this wage? Part of the government's responsibility should be to see that no starvation wages are collected. If prosperity is to be restored permanently the country must do more than merely furnish all or part of the jobless with a bare existence over a period of months.

BEHAVIOR AND MARRIAGE.

Wisely and profoundly, a noted psychologist announces:

"The mystery of marriage has been broken down. We must have a new kind of ethics, based on a scientific study of human behavior, as a way to more simple marital relations."

Utterly wisely and profoundly, yes, but what does it mean? Certainly not that the ways into and out of matrimony should be further simplified. If either is to be made much easier, the description will not be marriage but temporary association.

It is a very old-fashioned view, and probably easily refuted in this day by eminent psychologists and sociologists, but there is something to be said for the theory that what is needed is not so much study of human behavior, for the purpose of fitting marriage to it, as study of marriage for the purpose of fitting human behavior to it.

It is not a light thing for a man and woman to give themselves to each other and it is still less a light thing for them to bring children into the world. Those who assume the responsibility should be willing to apply a little sandpaper to their habits and conduct that they may fit well into their new position in life.

Love usually comes into being as a wild flower. Unless those who find the treasure care enough to tend and nurture and domesticate it, its life will be the brief one of most wild things. Properly cherished, it may acquire hues of deep and rare beauty never found in the wild state. And after all the "rights" one surrenders at the portals of matrimony are more precious in the dispositions than in the possession.

Another way to become cheerful is to visit the country and observe the acres and acres of grass you don't have to mow.

JUST FOLKS

CUSTOMERS.
Customers are people who come to buy their needs from you. They are fair to see or plain. Not like links within a chain. All alike, but different very. Some are solemn, some are merry. Some with sorrows great are freighted. Some are quickly irritated. But the cross ones and the sunny come to you to spend their money.

Looking at them as they come, Happy face or visage glum.

As before your wares they tarry.

You can't tell what hurts they carry.

What makes this one seem so swanky.

Or why that one is so cranky.

Or from cut of coat or tie.

Just how much they want to buy.

Sometimes those look the poorest.

Are the ones whose pay is sure.

Customers are people who

are always remember what you do.

If a street your face has crossed

As a salesman you have lost.

If you think you have a right to

Pick the ones you'll be polite to.

Soon you'll find to your dismay

You've let business get away

Never mind your whims and fancies.

Give you best and take no chances.

Copyright, 1931, Edgar A. Guest.

TOLL OF HEART DISEASE.

It is estimated by medical authorities that "one out of every 50 of us lives a cramped life because of heart disease" and accurate records show that heart disease kills more people in the United States than any other single cause. Furthermore, the number of deaths from heart disorders is increasing at an alarming rate.

Many explanations are advanced for the rising toll of lives taken by diseases of the heart. Ascetics—as America knows them—persuade themselves that the race is living too fast for the heart. Physical culturists advance the theory that this generation is not getting enough exercise, and those who dread physical exertion in any form religiously tally the deaths from "athletic heart" for self-vindication.

Of all the theories offered thus far, that which is most plausible is that the rising death rate from heart disease is the result of a combination of circumstances. It is recognized that heart weaknesses are most common among people in advanced middle age. Furthermore, the average life span in this country has been lengthened from 35 to 50 years since the beginning of this century. The result is a larger percentage of people are being spared by the diseases of youth only to fall victims to the diseases of old age, of which heart disease is one.

But diseases of the heart are not incurable. Intelligent methods can be and are being taken to prevent and cure them. In childhood it is especially responsive to control and cure. Much can also be done to alleviate the sufferings of those afflicted in old age.

While medical science is learning more about the heart and its care the public can assist in reducing the death rate from this cause by recognizing heart diseases in their incipiency.

CHICAGO.

There will be little mourning throughout the entire country over the defeat of Mayor "Big Bill" Thompson, of Chicago, by Anton Cermak, his Democrat opponent. Thompson deserved the rebuke he received at the hands of the voters. Why he was twice elected mayor of the nation's second largest city is one of the recurring political mysteries of this democracy.

It was during the administrations of Thompson as mayor that gangsterdom perfected its rackets and hoisted crime to diabolical and unsavory heights. The Chicago pattern became the object of imitation by the underworld the country over.

Chicago has reached the decision that if this is the new "one hundred per cent Americanism" it wants no more of it. As happened in many states last November, including Illinois, Republicans by the hundreds of thousands voted for a Democrat. For relief from the noble experiment of racketeering the Republican party offered no remedies.

An auto driver with no life insurance is neglecting his family when he admires the scenery.

THE GOURMAND**A 10-BILLION GOVERNMENT.****HOOVER'S UNPOPULARITY.**

From the fact that federal government appropriations this year are 25 times the total budget of 1890 there can be built up several theories of explanations.

The readiest answer is that the country grows that fast, but probably the real answer is that the government takes over costly jobs every few years.

In 1890 the administration at Washington handled \$400,000,000. During the present fiscal year it plans to spend \$10,000,000,000. For several years the budget has hovered around \$4,000,000,000, the big gain this year being due to emergency relief requirements.

There is a question of the ability of the nation to keep up with the government, for costly things are constantly being unloaded upon Washington. A scale of expenditures built up through the years is not usually pared down; it goes right along, unless the concern goes into bankruptcy.

The taxpayers have had a share in building up a multi-billion dollar government and should make up their minds to maintain it on that scale. Governments, like women, insist on being supported in the manner to which they have been accustomed, or better.

After farm, drought and employment relief emergencies have become history will congress and that bureaucracy at Washington be able to go back to living on only four billions?

"COLUMNITIS" AND GOOD TASTE.

American architecture, according to a leading architect is suffering from a disease which may be called "Columnitis." Rows and rows of columns, particularly in Washington, he says, are camouflage for hideous buildings. Common sense, he adds is the secret of success in all the arts.

Lasting beauty is characterized by simplicity, and good taste always avoids the ornate and extravagant. The most attractive homes are those so skillfully designed that they fit in natural surroundings as though the whole were made in one piece. There is little that is ornate or extravagant in nature.

Simplicity as a symbol of good taste, however, is not monopolized by the arts. It is applicable to dress, manner and language. The extravagantly dressed person usually attracts attention but makes a bad impression. Compare the official politeness of a moving picture Spaniard with the unassuming conduct of a possession.

THE AMERICAN WAY

They do things differently in England. Over there the idea still survives that misery loves company, so to speak. And so members of the royal family call on the jobless and by a shake of the hand and a few kindly inquiries make the victim of untoward circumstances forget for the next 24 hours that he is hungry.

It may be but an empty gesture, but better empty than filled with a length of hickory in the hand of a policeman who sees in every unemployed man a Red revolutionist. Anyway one looks at it it is more humane to rap on the door of the unemployed than beat a hysterical tattoo on their heads. It is better to

well bred friend. Orators and poets understand that things are said best briefly in words all understand. Good taste is a valuable possession.

No guaranty on a car covers the race for the crossing.

PRESS OF NATION CHARGED SELLING OUT TO LIQUOR**VITROlic DENUNCIATION OF ORGANIZED OPPOSITION TO PRO ENFORCEMENT**

A vitriolic denunciation of organized resistance to the enforcement of prohibition laws, coupled with the statement that "newspapers and weekly and monthly publications are almost universally sold out to the liquor interests" were the high lights in the speech of Mrs. J. W. Downs, administrative secretary, home fields, Woman's Missionary Council, on law enforcement at the closing session of the twenty-first annual meeting of the Woman's Missionary Society Central Texas conference at the First Methodist church Thursday night. Special music was provided for the occasion by the church choir, and several committees reported their findings.

A musical prelude was furnished by Miss Mabel Boaz, Fort Worth, and Mrs. C. A. Boaz led in a short song service, with Miss Boaz as accompanist. The devotional service was conducted by Mrs. C. P. Culver, and Rev. J. H. Stewart gave the opening prayer. At this time resolutions thanking all who were instrumental in making the conference a success, were adopted. Mrs. Homer Pace rendered a very difficult vocal solo, as the first portion of the special music.

Mrs. W. B. Landrum, president-elect, reported on study and research of the status of women, and Mrs. J. H. Stewart, retiring president, reported on Christian fellowship and law observance. After an anthem was sung by the choir, directed by Edward F. Hearne, Mrs. J. W. Downs was introduced.

Opening her address, Mrs. Downs declared that the United States has a unique form of government, in that it is founded upon certain principals. Continuing she pointed out that people of the nation are precious of the fact that the democratic stands or falls by its own weight.

Spread of Lawlessness.
"We boast of our government being of the people, by the people and for the people," she went on, "but this we do falsely, because what then brings about the present lawless conditions?" Here the speaker averred: "The extensive use of lawlessness during the late World War is responsible for the present state of lawlessness." We are so anxious to go some place before the gas runs out and then leave we are leaving devastation in our wake," Mrs. Downs declared.

"Some say that the adoption of the Eighteenth amendment is responsible for our present conditions, but we know that this isn't true."

At this point the speaker took a national magazine to task for exposing the cause of liquor traffic, and argued that magazine as saying editorially that the enactment of the Eighteenth amendment is responsible for the lawlessness today; that men have appetites they refuse to have taken from them by law, and revolt at the idea. Again she pointed out that the magazine further denounced the laxity of the United States' gambling laws, and said that they should be strengthened and enforced.

Marriage Age Stressed.

Mrs. Downs continued: "This machine age in which we are living provides us with much leisure time, and also results in a mental and nervous tension that makes people want to dance and enjoy themselves during their leisure hours." Further she declared: "Scientists give us many things that we are not mentally and spiritually able to handle, and they break down the principles upon which our civilization is based."

To cope with this situation, the speaker asserted, we must find out what the problems are that face us, and work out our own salvation.

People must be trained to keep laws, and exercise their right to vote their own convictions, she declared. "Years ago laws were superimposed upon people by monarchs, but today we have a right to franchise, and can make our own laws."

"We can be good citizens unless we have an appreciation of our obligation we owe the world," Mrs. Downs went on. Here she entered a lengthy discussion of evil effects of liquor, and liquor addicts. In the course of her remarks she said that the machine age we are living in is an age of nerves, and takes its toll there. If people must exercise themselves and live off their cars, drive cars while intoxicated, but must keep their nerves in perfect condition.

Must Work Out Salvation.
"So, living in this age as we do, we must work out our own salvation and only by the help of God can we do it," Mrs. Downs said.

Lawlessness is not a matter for light conversation, but will take the profoundest study on part of the most honest and conscientious people of the world. At this point Mrs. Downs declared a recent poll revealed that the liquor country was universally sold out to the liquor interests, as were most of the weekly and monthly publications. In this connection she averred that propaganda is going out over the country and will weaken the will power of men and women in opposition to the liquor traffic.

Mrs. Downs' concluding statement: "Women will not support any political party that has a wet plank in its platform," was met with spontaneous applause.

Closing the session, Mrs. Boaz sang an impressive musical arrangement of the Lord's Prayer.

Reports Occupied Afternoon Session

Reports of secretaries and committee messages from missionary workers and two dramatications featured the Thursday afternoon session of the twenty-first annual Woman's Missionary Society Central Texas conference at the First Methodist church.

Miss Eugenie Smith, Houston, deaconess, gave the opening prayer and also conducted a short devotional service. "The King's Insurance Company" was the title of the meeting. Held over from the morning service was a report of activities of Kirby Hall, the Methodist dormitory at University

Corsicana Boy Accepts Position With Radio Concern

Jesse Milburn, son of Mr. and Mrs. J. L. Milburn, 1431 Park Avenue, a graduate of the C. H. S. class of '29, and student the following year of A. and M. college, has just completed a course in the Radio School at Tyler, and is leaving for Devil's Lake, North Dakota, where he has accepted a good position with a large radio company.

His many friends wish for him much success in this far away state.

FUNERAL SERVICES HELD FRIDAY FOR J. T. KENNEDY

Funeral services were held Friday afternoon at 3 o'clock for Joseph T. Kennedy, 46, native of Navarro county, rig-builder, who died Thursday morning at 4:30 o'clock. The services were conducted from the family residence 611 West Thirteenth avenue, with interment in Oakwood cemetery.

A musical prelude was furnished by Miss Mabel Boaz, Fort Worth, and Mrs. C. A. Boaz led in a short song service.

Survivors are his wife, Vivian Kennedy, Corsicana; and other relatives.

Active pallbearers were C. E. Edwards, Jr., Arthur Britton, John Hubbard, Frank Brannon, Jess Speed and H. J. Adams.

Honorary pallbearers were Felix DeLoosse, A. B. Chaceay, Lee Bradford, Emory Cox, George Alton, B. D. Ingram and D. Bradford.

The funeral was directed by the Corley-McMahon Funeral Home.

SPLIT PAYMENT OF TAXES ALLOWED BY HOUSE BILL PASSED
FIVE AMENDMENTS ADDED TRUCK REGULATORY BILL THURSDAY

AUSTIN, April 24.—(P)—Permanent relief to Texas taxpayers was virtually assured yesterday when the house passed a bill by Representative DeWolfe of Goldthwaite proposing inauguration of a split tax payment plan designed to allow payment of taxes in two equal installments.

The bill was accepted as substitute for a bill by Senator O'Neal of Wichita Falls which would have provided for semi-annual payments in January and July. The senate was not expected to accept the substitute. In the event the senate rejects the DeWolfe plan, tax relief will be left to a free conference committee.

The DeWolfe bill was almost identical with that which the legislature passed for this year as an emergency measure. Taxes not paid prior to February 1 would draw 10 per cent interest but there would be no delinquent penalty. Half or all of taxes might be paid before February 1, interest to be paid on the amount unpaid.

The senate brought truck regulatory forward as pending business. Before表决ing the bill yesterday to pass local and uncontested bills, five amendments were added to the Murphy truck control bill. Among them was one by Senator Woodul which would make rebating a violation of the law.

Brooks Bill Opposed

Although the house two weeks ago gave it a substantial majority on final passage, the senate committee on state affairs last night rejected adversely a bill by Representative Brooks of Bagwell which sought to set aside a portion of gasoline tax funds to be used in reimbursing counties contributing funds to state highway projects. Notice was given of a minority report. Proponents of the bill indicated it would be carried before the senate today with a request that it be printed on a minority report.

The Brooks bill proposed to set aside one of the four cents of the state gasoline tax levy to be used in reimbursing the counties. The house and senate free conference committee detailed to iron out the differences between the two houses on congressional redistricting spent one hour last night listening to complaints and recessed until today.

GASOLINE PRICE CUT ANNOUNCED HERE SATURDAY

Led by the Gulf stations, and soon followed by the Texas, Magnolia, Texas and Pacific and others, a reduction of two cents per gallon in the price of gasoline was announced Saturday effective at 6 o'clock Saturday morning.

The new prices to the customer or consumer will be fourteen cents for white gasoline, and seventeen cents for Ethyl. It is the lowest posted price for the fuel in many years.

The Humble Oil Company officially announced Saturday afternoon at 2 o'clock that it had not been advised of the cut in price, but expected the reduction during the afternoon.

Rain at Malakoff; Wolves Reported in Creek Districts

MALAKOFF, April 25.—(SpL)—A nice rain fell here this week, followed by frost and a cold wind, though the frost and cold do not seem to have done any damage to the young garden and field plants.

Jim Cherry and J. L. Miles, who live a couple of miles out of Malakoff, near Walnut Creek, report wolves howling about on near their places the last few nights. They have invited some of the local men, hunting hounds to come out and give the wolves a chase, but up to this time, they have been unable to get the dogs to run them. Not many dogs will run wolves without being trained to run them. Not many dogs will

Special Judge Is Sitting This Week In Fairfield Court

FAIRFIELD, April 25.—(SpL)—On account of illness of Judge W. R. Boyd, R. W. Willford of Wortham is serving as judge for the 87th district court this week.

The following criminal cases have been disposed of: Dick Bewley, burglary, 5 years; Dick Bewley, 2 years; Richard Wafford, forgery, 2 years, suspended sentence; Walter Hatchett, manufacturing intoxicating liquor, 5 years suspended sentence; Henry Stalling, burglary, 2 years in each of two cases; Jim Ward, transporting liquor, 1 year.

COURTHOUSE NEWS

District Clerk. The grand jury recessed late Friday afternoon till Thursday morning at 10 o'clock. No indictments were returned.

Sheriff's Office. It was reported that punchboards were seized in business houses by county officers Friday afternoon. The board were locked up in the court house.

Marriage Licenses. Virginia Lewis Paul and Eva Sawyer, Carl Murdock and Mattie Burks.

Willie Brown and Maris Bass. Justice Court. One was fined Friday by Judge J. L. Cox on a charge on a charge of affray.

MAKE THIS MODEL AT HOME

PATTERN 2134
 The Corsicana Daily Sun 15c Practical Pattern

By ANNE ADAMS
 The yoke and shoulder capelets are in one piece, in this lovely print frock for the junior Miss. The pointed yoke follows the V neckline in front, and is just as pretty in back cut straight across. The gracefully flared sleeves. Two cunning pockets also styled in pointed fashion of the fabric is dainty, or you may choose a patent leather belt the color of the binding used in finishing raw edges. Small buttons trim the waist.

May be obtained only in sizes 6, 8, 10, 12, 14. Size 6 requires 2 yards of 36 inch material.

No dressmaking experience is necessary to make this model with our pattern. Yardage for every size, and simple, exact instructions are given.

Send Fifteen Cents (15c) in coins or stamps (coins preferred), for each pattern. Write plainly your name, address and style number. Be sure to state size wanted.

The New Spring and Summer Pattern Catalog features an excellent assortment of afternoon, sports and house dresses, lingerie, pajamas and kiddies clothes, also delightful accessory patterns. Send for catalog. Fifteen Cent Catalog with Pattern. Twenty-five Cents. Address all mail and orders to The Corsicana Daily Sun Pattern Department, 243 West 17th Street, New York City.

HOUSE AND SENATE PASSED DIFFERENT BILLS ON MATTER

TWO ARE INJURED LOUISIANA STORM SATURDAY NIGHT

HAIL FOLLOWS STORM THAT DESTROYS YOUNG CROPS; WIDE AREA COVERED

(Continued from page 1) brook said his amendment was in conformity with amounts carried in the house resolution.

Holbrook, in opposing passage of the Hardin resolution, said he did not belong to a group which was catering to "bolshheviks." He characterized the resolution as a "dangerous thing."

Senator DeBerry of Bogata, in taking Holbrook to task for his stand against exemption of homesteads, charged Galveston county with asking for remission of all taxes paid to the state.

A substitute amendment by Representative Petach of Fredericksburg, to exempt homesteads from all state taxes except for Confederate pensions, was defeated.

An amendment whereby the state would pay counties where state taxes have been remitted, the amount of the tax was ruled out of order.

The vote in the senate was 27 to 4, in the house 110 to 11.

New Truck Bill Is Introduced in Senate

AUSTIN, April 27.—(P)—Senator Stevenson of Victoria today introduced a bill proposing regulation of trucks operating over state highways and in which he said he had covered in 750 words what other bills covered in several thousand.

The Stevenson bill classified trucks as those privately owned, those traveling over designated routes and on specific schedules and contract carriers.

The bill would place a 12,000 pound weight limit on single vehicles, with 16,000 for truck and trailer.

Carriers would be permitted to increase their loads to 25 per cent above the specified limits only upon proof that trucks were equipped with tires capable of sustaining the weight.

The Stevenson proposal would require a certificate of necessity and convenience and drivers license for those operating trucks.

It would be possible under the bill for the railroad commission to issue special permits to persons engaged in hauling livestock, farm products and machinery necessary in promoting industry.

No truck would be allowed to operate over the highway which was more than 96 inches in width, including load, given for six inches in height, also including load, nor more than 30 feet in length where operating singly and not more than 45 feet in length with trailer.

A \$10 license fee would be collected annually from owners of such carriers.

They took him off and he out-talked him."

Stein did not report the incident to police and did not want to discuss it.

Supreme Court Has Refused Review Cases

WASHINGTON, April 27.—(P)—The supreme court today refused to review the following cases, leaving undisturbed the decision of the highest court previously to pass upon them:

By Anna Ruzey of Billings, Okla., to recover from the federal government \$25,000 paid as taxes.

By Lela Gaddis and others who claim land in Jefferson county, Texas, patented to the heirs of William H. Smith.

PERSONAL

W. S. Goode, service officer for the Texas American Legion, accompanied by Mrs. Goode and daughter, Kathleen, and Mrs. Ernest C. Cox, all of Austin, but formerly of Corsicana, spent the weekend with relatives and friends here.

J. E. Schwartz of Dawson was here today.

W. H. Palmer, of Breckinridge, was the guest of Mrs. K. M. Purify during the Woman's Missionary Society General Texas conference held at the First Methodist church here last week.

Mr. Joe Woods spent the weekend in Dallas visiting friends and relatives.

Miss Lottie Lee Blake was in Dallas over the weekend.

Miss Thelma Stoltz was a Dallas visitor during the weekend.

LEGS DIAMOND IS IN HOSPITAL FROM SHOTGUN WOUNDS

BUCKSHOT BRINGS DOWN WELL-KNOWN GANGSTER FIGURE EARLY MONDAY

CATSKILL, N. Y., April 27.—(P)—Jack (Legs) Diamond, gangster for the second known time, was cut down and seriously injured by the gunfire of unknown assailants early today.

The gang chief, who six months ago was shot and almost fatally injured in a New York city hotel room, went down today under the fire of buckshot sent into his neck as he stepped from a Catskill mountain roadhouse near here. The shooting occurred three days after Diamond had been released in \$25,000 bail, pending trial for a charge of assault.

Like the New York City instance, mystery cloths the shooting. The gangster himself could give no information and the companion who snatched his fallen chief back into the shelter of the roadhouse could only say the gunfire came from a distance of 20 paces from the building.

A handful of empty shells still reeking of the smell of freshly discharged powder and apparently fired from an automatic shotgun were picked up between the glassed-in porch of the Ararat Inn and the highway. The gunman obviously fired in haste and fled. Of the nine shots fired, each carrying dozen pellets, only one shell load struck Diamond.

No strangers were present.

Witnesses who said they entered the building a few minutes before the shooting told police they saw no strange car near the inn nor any sign of the man or men who did the shooting.

The fallen gangster, bleeding freely from wounds in the shoulder, neck and arm, was hurried to an Albany hospital by two men not immediately identified. While seriously injured, his condition was not believed to be critical.

Two state troopers were assigned to guard Diamond.

Diamond's history contains the official record of one previous shooting and the report that a still earlier incident had placed lead in his body.

His name appeared in Green county news from time to time until a week ago, when he flashed into front page prominence with his indictment by a grand jury. The indictment was based on the alleged beating by DeMond and a companion, Jim Watson, a cigar truck driver who said he had been stopped by the men and tortured because he refused to account satisfactorily for a load of cider.

BEAUTY CHATS

By EDNA KENT FORBES

All requests for beauty information desired by Edna Kent Forbes' column followers must be accompanied by a fully self-addressed, stamped envelope (s.a.e.) and two cents in stamps to cover cost of printing and mailing. For the illustrated pamphlet, "BEAUTY," ten cents in stamps with s.a.e. must be enclosed. Address Miss Forbes in care of this paper.

FEET AND ANKLES.

The letters I have from young girls, worrying about their feet and ankles, their size, shape and general dimensions, tell me that these days they weren't in luck on the dressiest occasions at least for in the evening they wear skirts to the ground and all the art that need show of their feet is the tips of the toes of their shoes. Their ankles can be left to the imagination.

Daytime, of course, feet and ankles are more important than ever for they are the only part of the legs that show. Skirts are a bad length for physical grace; they drag across the legs below the calf, being only the beginning of what might be a good line—that is, the entire curve of the calf. However, we take the fashion as it comes and are thankful that walking skirts do not gather up all the dirt of the street, as they used to—and as they may again.

Do what you can to make your ankles and feet seem slim. Wear shades of gray and brown as dark as you can for daytime. This makes the ankles seem more slender. The open mesh stockings, so often seen now, are also good. Wear high-heel shoes; these give a curve to the back of the ankles which is very flattering and which makes them seem much more slender. Cuban heels are high enough; spike heels are very ugly and unattractive. I've always tried to avoid them. However, on a small foot, they are very flattering. And this is important. Try to wear a half size longer, and a width narrower. Length does not seem to show; width counts. A long, narrow shoe always seems smaller than a short, fat one.

And rub your ankles hard every day with your hand to work of flesh, also wear hose with buckles or with tongues, or with a strap going up the middle of the instep, to give a slim effect if you feet are big.

May I—Since straight hair is so unbecoming you have it curled or waved. The only objection to a forced wave is when it is

Tomorrow—Diet.

SUSPENSION STOCK EXCHANGE FIRM IS CALMLY RECEIVED

ACTIVE SELLING PRECEDED ANNOUNCEMENT AND THEN QUIETS DOWN

NEW YORK, April 27.—(AP)—After declining \$1 to \$5 in the heaviest selling of the current decline stocks rallied during the late trading today, reducing our eliminating the losses. The American Telephone fully recovered a \$3 break and U. S. Steel cut a similar loss to about \$1.

NEW YORK, April 27.—(P)—Active selling preceded the suspension of another stock exchange firm for insolvency today, but the market calmly received the actual news of the insolvency and trading became quieter after the announcement was made.

Early gains in the general list melted rapidly after the opening, although shares with which Otis Elevator and have been identified, including Goodyear Rubber, Continental Shares and Republic Steel, maintained part of their initial improvement.

Standard Oil of New Jersey was conspicuously weak, losing three points. Other stocks down the same amount included New York Central, Johns Manville, Industrial Rayon, Union Carbide and Western Union. Texas Corporation, Case, Du Pont, Air Reduction dropped 2 to 2 1/2. U. S. Steel, Radio, General Electric and American Can, however, were relatively steady.

Call money renewed at 1 1/2 per cent.

LEGISLATORS GET PAUSE SATURDAY TO VISIT SAN ANTONIO

MUCH TIME TAKEN UP FRIDAY IN CRITICISM GROUP AUSTIN CITIZENS

AUSTIN, April 25.—(P)—The legislature rested today. The senate took a half holiday yesterday, its members going to San Antonio for the Battle of Roses.

Much of the legislature's time yesterday was taken up in criticizing a group of Austin citizens who requested Travis county legislators to drop their leadership on state-wide issues; and to spend more time on bills helping this country.

of the Kappa house unanimously adopted a bad resolution by Representative Satterwhite of Odessa condemning the citizens' action. Satterwhite "called it an effort to 'brownbeat' the Travis county delegation into supporting the \$212,000,000 state highway bond issue.

Intervened in the matter was the proposal of Representative Steward of Teague to move the highway department from Austin to Waco. Steward is for the bond issue but leading bond supporters said they were not responsible for his proposal. Steward planned to offer his proposition as an amendment to a bill scheduled to come up later. The entire Travis county delegation had voted against the bond issue and Representative McGregor had taken a leading part in it.

The senate after several days of discussion engrossed the first of the two house truck control bills and then postponed final action until Monday. The bill was considerably amended. The second bill also due to come up Monday. Final action on the first bill was postponed so the bill as amended might be printed.

The house reached the intangible assets tax bill by Representative Daniel of Crockett but spent little time on it before rebetting it for Tuesday.

The free conference committee on congressional redistricting planned to meet again Monday. The split tax payment proposal also was headed for a free conference committee, the senate having voted yesterday not to concur in house amendments.

Another Pipe Line To Cross Freestone

FAIRFIELD, April 25.—(Spl)—News dispatches state that contract for 150 miles of 12-inch pipe line to be used in construction of a line from East Texas to a connection at Mexia with the Prairie Pipe Line system, has been awarded to Jones and Laughlin by the Sinclair Consolidated Oil corporation, it was announced Thursday.

Sinclair has also awarded the company contracts on 40 miles of 8-inch pipe for gather lines. It will take 3500 tons of pipe to lay the lines.

FAMOUS Doctor's Way to move the Bowels

Do your bowels fail you occasionally? Are you a chronic sufferer from constipation and its ill? Then you will be interested to know of this method which makes the bowels help themselves.

Dr. Caldwell specialized on bowel ills. He treated thousands for constipation. The prescription he wrote so many times—which has been tested by 47 years' practice—can be had of any druggist today. Its pleasant taste and the way it acts have made it the world's largest selling laxative.

"Dr. Caldwell's Syrup Pepsin," as it is called, is a skillful compound of laxative herbs, pure pepsin and other mild ingredients. Nothing in it to harm even a baby. Children like its taste. It acts gently, without griping or discomfort. So it is ideal for women or older people. But even the most robust man will find its action thorough, satisfying. The quick, certain benefits millions are securing from Syrup Pepsin proves a doctor knows what is best for the bowels.

Next time you feel bilious, headache, bloated, gassy, or constipated take some Dr. Caldwell's Syrup Pepsin and see how fine you feel the next day—and for days to come!

New Enterprise Seeks Location Of Plant Here

The Cola Cocktail Company of Texas, organized and chartered, is promoting the organization of local or subsidiary corporations to bottle and distribute new beverage drink now being introduced and known as Cola Cocktail.

Corsicana is being considered as one of the strategic points for the location of a modern, up-to-date plant to bottle and distribute this beverage.

Corsicana stands in need of new industries, the product of which can now be distributed to new and extended territory.

COTTON SHIPPERS WOULD ELIMINATE FEDERAL AGENCY

NEW ORLEANS, April 25.—(P)—President Hoover was appealed to by the American Cotton Shippers association today to use his power for "rehabilitation of the cotton industry."

A message approved by the association in executive session this morning was telegraphed to the president by D. E. McCuen, of Greenville, S. C., association president.

The message in part said:

"The rapid and wholesale loss of markets for foreign (cotton) products at the expense of the United States producers, forms a most tragic chapter in the economic history of the United States.

"In the interest of our farmers, as well as of our country as a whole, we are pleading first for the withdrawal of the government and its farm board from all participation in the merchandising of cotton, and from further attempts at control, stabilization and valorization."

"We are also pleading for a searching and comprehensive investigation of each and every substitute for the farm board that may be proposed in order to make clear to the people of the United States the economic effect of such proposals, should one or more of them be written into law."

"Our large commerce cannot hope to survive any further economic fiasco of the magnitude of the federal farm board."

"We feel confident that when the facts become known to you, you will use your great power wisely and well for the rehabilitation of our now sorely distressed cotton industry."

WASHINGTON, April 25.—(P)—A censored address by Representative Fish of New York dealing with communism, state department policies and the Nicaraguan disturbance today held the interest of delegates to the annual congress of Daughters of the American Revolution.

Fish was scheduled to speak late today.

Community figured also in retrospective among the delegates for whom they had before them an assertion by a defeated candidate for office that undercover charges of "pacifism" and "socialism" had worked against her.

Formal resolutions expressing strong sentiments on the subject were ready to be acted upon after Mrs. William Sherman Walker, chairman of the national defense committee, and the department of commerce for the present policy, and their economic effects before adoption.

Blaming the loss of foreign markets upon the operations of the farm board, the cotton men asked that the next congress consider substitutes for the present policy, and their economic effects before adoption.

Elating the loss of foreign markets upon the operations of the farm board, the cotton men asked that the next congress consider substitutes for the present policy, and their economic effects before adoption.

Elating the loss of foreign markets upon the operations of the farm board, the cotton men asked that the next congress consider substitutes for the present policy, and their economic effects before adoption.
